Deepening our connection with Therapeutic Touch® and each other during our days together will heighten our experience and enhance our practice and teaching. The Congress will create a "journey path" from yesterday's visionaries to today's practices and onward to tomorrow's uncharted potential.

Congress Learner Outcomes

1. Discuss ways in which three historical touchpoints inform future healing relationships within TT
2. Describe ways to integrate two new ideas into their TT practice.
3. Envision two approaches to build a more inclusive and diverse TT community.
4. Identify three new teaching/learning strategies about self-care and well-becoming related to TT.

V1:
We've been called to share
One voice in harmony
To chant Hmmmmmm
The sacred sound for all to live to be

With compassion, wholeness and intention
Today Yesterday Tomorrow

Chorus:
Everybody Laugh
Everybody Sing
Love Heals
We are peace.

V2:
When we pause and we breathe
Our hearts connect
and open the space for resonance

We learn to heal
From inside out
Receiving this gift is what it's all about

Chorus:
Everybody Laugh
Everybody Sing
Love Heals
We are peace.

Bridge:
Dora and Dee taught us to listen and see
From the tops of the trees
To the roots that roll beneath
Our unity
V3:
We can never know
How it turns out in the end
But for sure, my friend
We will meet again

Repeat Chorus x 2

Chorus:
Everybody Laugh
Everybody Sing
Love Heals
We are peace.
